

MINUTES

Call to Order after Public Hearing at approximately 7:07pm by Mayor Robinson

Roll Call: Alderman Dell (WebEx), Alderman Kelleher (WebEx), Alderwoman Killey (WebEx), Alderman Kreinbrink (WebEx), Alderman Littlebrant,, Alderman Robinson, Alderman Surratt and Alderman Whitecotton

Audience Comments: Toni Edwards from Sandwich Estates told the Mayor and the Council about water leak issues she has had since June on Lot 40. She has contacted the City before and is concerned about holes and uncovered pipes with winter approaching. Mayor Robinson said he has talked with Ms. Edwards in the past about the fact that this is private property so the City really can't do too much to help her. Mayor Robinson and Alderman Krienbrink both talked about Jerry Osland who is the contractor working on the issue. Alderman Kreinbrink had been to the site and has talked with Mr. Osland who told Alderman Kreinbrink that he is trying to wrap things up by the end of the week. Mayor Robinson told Ms. Edwards to let him know if things get taken care of and if needed Mayor Robinson will try to assist her further, but that it is really something that the property owner and or manager should be taking care of. Alderman Dell asked if there was a safety issue that would perhaps make it something the City would get involved with. Mayor Robinson said the City had been out there, including Todd Steffens, and safety issues other than holes to be filled in not apparent.

Consent Agenda: Motion made by Alderman Surratt and 2nd by Alderman Kelleher to approve as a whole the items on the Consent Agenda. Motion Carried 8-0

Mayor Robinson: No meeting next week November 30th as it is 5th Monday. Old Fire Department roof bids will be dealt with on December 7th meeting.
