

Dear New Resident of Sandwich:

On behalf of the City of Sandwich, I want to welcome you to our "fair" city. Whether you come from a large city or a small town, you will find that Sandwich offers a high quality of life which is enhanced by its schools, churches and service organizations.

The city is presently experiencing significant growth. As you drive around, you will notice evolving commercial and residential development. We are pleased that Sandwich is continuing to grow and develop, while yet retaining its historical heritage. The Sandwich city offices are located in an 1879 City Hall/Opera House. This building was completely restored in 1979 and is on the National Register of Historic Buildings.

What really makes our community great are the people! I hope you will become familiar with the city and will join us for various community celebrations held throughout the year. Citizen participation is strong in Sandwich and we encourage you to become involved!

Following are some frequently asked questions our office has received from other new residents. Our city's government is here to serve. If you have questions or concerns regarding services provided by the city, please feel free to give us a call at 815-786-9321. The City Clerk's office is open Monday-Friday from 8:00 a.m. to 5:00 p.m. The office is closed on Saturday and Sunday.

Welcome to Sandwich!

Yours truly,

Denise li
City Clerk

FREQUENTLY ASKED QUESTIONS FROM NEW RESIDENTS

Q Who do I contact for services and utilities?

A For *water and sewer* service, contact the City of Sandwich at 815-786-9321 or stop in at City Hall, 144 E. Railroad Street. For other services and utilities, contact the following:

<i>Cable Television:</i>	Comcast - 866-594-1234 MetroNet – 877-407-3224
<i>Electric:</i>	ComEd - 800-334-7661
<i>Electric Aggregation:</i>	None
<i>Garbage & Waste:</i>	Community Disposal - 815-786-7151 Groot Industries – 630-587-4673 Waste Management - 800-747-2278
<i>Gas:</i>	Nicor - 888-642-6748
<i>Telephone:</i>	Frontier – 800-921-8101

Q Does the city provide garbage collection?

A Residents need to arrange their own garbage service; the city does not provide garbage collection. There are currently four licensed waste handlers serving our community (see above). Residents should contact the hauler of their choice for further information.

Q When is my water/sewer bill due?

A Water and sewer is billed quarterly (every three months). The quarter in which you receive your bill depends on your address. You will receive a bill indicating the amount and date due, as well as the number of gallons of water consumed. Feel free to contact our Utility Billing Clerk (815-786-9321) to determine when your water/sewer bills are due.

Quarterly bills are mailed the first day of the month and are due by the last day of the month. We will assess a late penalty of 20% on any account where payment in full is not received by the due date. Please note that the city cannot accept responsibility for payments received after the due date which are due to circumstances beyond our control.

Q Can my water service be turned off for non-payment?

A Pursuant to city ordinance Sec. 78-74, accounts not paid in full within 45 days after the quarterly billing shall have services disconnected. Service shall not be reinstated until such time that the

bill is paid in full, together with a payment made of \$80 for discontinued (shut-off) and reinstating (turn-on) of the service.

Q What can I do if I am having difficulty paying my water/sewer bill?

A The City of Sandwich understands that consumers may, from time to time, experience financial hardships that make it difficult to pay their water/sewer bill on time. In a spirit of cooperation, we offer customized payment agreements that enable residents to gradually pay delinquent charges while maintaining water service. Please contact the City Clerk’s office (815-786-9321) *prior to your billing due date* to inquire about a customized payment agreement.

Q Where do I pay my water/sewer bill?

A Water and sewer payments may be mailed to the City Clerk’s office, 144 E. Railroad Street, or you may stop by Monday through Friday, 8:00 a.m. to 5:00 p.m. The entrance to the clerk’s office faces Pearl Street. After office hours, payments may be dropped in our secure lock box located on Railroad Street. We now accept credit cards for payments being made at the front counter.

Q Why is my water bill higher than normal?

A Water and sewer is billed every three months and based on consumption. The more water you use, the higher your bill. Please be aware of your water usage. If you have an unusually high bill, check your toilets, water softener or humidifier for problems. Perhaps you used water outside on your lawn, garden or flowers. Once you’ve exhausted all avenues of problems in your home, feel free to contact our water department (815-786-9321) and we will be happy to assist you.

Check all faucets for drips. Replace worn and leaking washers, gaskets, pipes or defective fixtures. A leak just 1/32 inches in diameter consumes 264 gallons per day or 7920 gallons per month!

Check toilets for leaks--they are the most common cause of high bills! Do you ever have to jiggle the toilet handle to stop it from running?

Place a few drops of food coloring in the toilet tank after it has filled. Do not flush the toilet for at least 15 minutes (or overnight if possible). If the food coloring shows up in the bowl without flushing, the toilet has a leak.

Q How do I go about getting a second water meter?

A The City of Sandwich offers customers the option of having a *second* meter on their outdoor water hookups. This involves one meter that measures indoor water consumption and one meter that measures outdoor use. On the second outside meter, water is billed once a year and there is no sewer billing.

During the summer months, consumers water lawns, gardens, wash cars, fill pools and use water for other outdoor activities. With a second meter, since this water does not enter into the wastewater treatment system, sewer costs are not applied. The cost for a second meter is \$250 plus \$35 for the plumbing inspection. Water meters may be picked up at City Hall and should be installed by a licensed plumber.

Consumers may want to research to determine if their costs for purchasing a second meter will be beneficial. Current water and sewer rates are found on your water bill, or you may phone the City Clerk's office at 815-786-9321 for rates or more information.

Q I'm just moving across town. Do I need to make the City Clerk's office aware of this?

A Whether you're brand new to the city or just moving across town, please keep in mind that you must notify our office of any changes to your address. Beginning and final water meter reads must be completed when there are any changes. Phone 815-786-9321 to make arrangements prior to your move.

Q I'm a new landlord/apartment manager. Do I need to make the City Clerk's office aware of this?

A Yes - and please be responsible and notify our department of name and address changes for your tenants as they occur. With the large number of renters moving in and out of the city, it is your responsibility to verify that the information we have on record for utility billing is correct.

Q I'm a snowbird and I'll be away for a few months. Do I need to make the City Clerk's office aware of this?

A Persons who are absent from their residence for an extended period of time can notify us of this fact. That way, when a "red flag" alerts us that your water consumption has decreased dramatically, we will be aware that it is not due to a faulty meter read.

Snowbirds can also notify the Police Department (815-786-7261) and allow them to check your home while you are gone.

Q Does my group need a permit to go door-to-door to solicit funds?

A In order to protect residents from scam artists or pesky salesmen, the City Council has established an ordinance covering Canvassers and Solicitors. An application must be made in writing to the City Clerk and fee of \$25/day paid for each solicitor or peddler. The application will be forwarded to the Police Department, whereby the Chief of Police will approve or disapprove the application based on the finger-printed background check. No soliciting is allowed before 8 a.m. or after 8 p.m.

Q What projects require a building permit?

A To ensure compliance with the building code, permits are required for most construction projects, including room additions, decks, porches and patios, demolition, excavating, fences, adding a garage, building a new house, building a shed and swimming pools. Re-roofing requires a permit only if it involves replacement of the wood roof sheathing (plywood) or the structure of the roof is being altered.

Businesses should be aware that permits are needed for installing or moving signs, as well as canopies or awnings. Anytime the use of the structure is being changed (such as changing a warehouse to a restaurant) a permit is required.

If you have questions whether or not a permit is required, phone the Building and Zoning Department at 815-786-8802. Permit applications may be picked up at City Hall, 144 E. Railroad Street.

Q What do I need to open a business in the city?

A An application for a license should be made in writing to the City Clerk if you plan to sell, conduct, or operate any of the following: scavenger service, bed and breakfast establishment, cigarettes, juke box, pool table, dancing, amusement device, bowling alley, trailer court, street vendor or taxi cab. Although the city does not issue business licenses, restaurant and retail food establishments must follow state and county codes and contact DeKalb County Health Department (815-758-6673) to determine what requirements are in effect. All businesses should check with the city's zoning department (815-786-8802) to confirm the type of establishment proposed is allowed under the city's zoning and building ordinance. Provide the

Police Department (815-786-7261) with after hour's phone numbers for your business.

Q Do I need a permit to hold a yard or garage sale?

A Although no permit is required, be courteous of your neighbors and remember that posting your signs on public property, such as light posts, telephone poles and other traffic control devices is not permitted, nor is posting signs on private property without getting permission from the property owner. Signs should be removed no more than one day after the event.

***Please help make our community pedestrian friendly.
Make sure your car does not block the sidewalk.***

Q The sidewalk in front of my house is in poor shape. What can be done?

A Residents who notice sidewalks with defects, in poor repair, blocked in any way, or not handicap accessible, should report the situation to City Hall. Repair work for these types of defects may qualify under the city's *Safety Sidewalk Program*. The City's 50/50 has been discontinued.

Q What is the city's "Brush Pick-Up Program"?

A The Public Works Department has free curbside brush collection April, June, August & October. Brush collection will be offered once a month, on the first Monday of said month, by ward. Residents in Ward 1 will have brush picked up the first Monday; residents in Ward 2 the second Monday; residents in Ward 3 the third Monday; and residents in Ward 4 the fourth Monday.

Branches and limbs ½ inch to 4 inches in diameter and 2 feet to 4 feet in length can be placed at the curb for pick-up. Please note the following exceptions: Brush that is tangled or unmanageable will not be collected. Brush which results from contracted services will not be picked up, as it is the responsibility of the contractor to remove and dispose of such material. Grass clippings, leaves, shrubs, vines and brush less than ½ inch in diameter is considered yard waste and will not be picked up.

Please have all brush at the curb or shoulder by 7:00 a.m. Monday (or Tuesday if Monday is a holiday) of the week of collection. There is no need to phone ahead for the pick-up.

Q Can we burn leaves in the city?

A City ordinance requires that you may only burn limited amounts of paper, cardboard, dry leaves or other combustible material in a wire mesh burner as long as the material is dry and does not create an offensive odor, nuisance or fire hazard due to location or wind. Dry leaves may also be burned on a driveway, garden area, or other open area. A responsible adult person must be present and attend the fire at all times until fully extinguished. The hours of burning are 9:00 a.m. to 6:00 p.m.

It is unlawful to burn wet cardboard or paper, rags, feathers, wet or green leaves, green weeds or grass at any time. The burning of any material such as rubber, tires, leather, tar paper, old batteries or any material which emits an offensive odor when burned is unlawful. It is unlawful to burn any material on any of the public streets, pavements, curbing, sidewalks, parkways or alleys in the city.

The City also offers a leaf vac service in the fall. Similar to the brush pickup program, the leaf vac will collect leaves raked to the curb. Information can be found on the City's website (www.sandwich.il.us) or on Facebook.

Q What are the city's noise regulations? How early can construction crews start working? How early in the morning can I mow my lawn?

A The city's noise ordinance, Section 50-64, states it is unlawful for any person, firm or corporation within the city to cause unnecessary or loud noises which annoy or disturb the comfort of residents before 7:00 a.m. or after 9:00 p.m. on any day of the week. If you experience a problem, call the Police Department at 815-786-7261.

Please respect the green areas, detention areas and retention ponds by not riding 3-wheel and ATV vehicles on them. Help us keep the sod and grass in these areas in good condition!

Q Who do I report a street light problem to?

A If you notice a street light that is not working, perhaps it is flickering or completely out, call City Hall at 815-786-9321 and advise us of the location. (After office hours, please leave a message on our voice mail.) We will, in turn, notify the electric company. ComEd has provided “trouble-shooting” forms whereby we can fax the information directly to them.

Q Who do I call in case of a power outage?

A In case of a power failure, such as during a storm, call ComEd at 1-800-334-7661 to report the outage.

Q When does the city sound its emergency siren?

A Several warning sirens are located around the city to alarm residents of emergency weather. Our Sandwich EMA staff, in conjunction with our Police Department, will only sound the emergency siren when a situation is determined to be a threat to Sandwich. By sounding the siren only when the city is in the path of a severe storm or tornado, we know you will understand its severe meaning and react appropriately when you hear it. The sound of the siren indicates that you and your family should seek safety and shelter immediately. For additional information, please visit the city’s website at www.sandwich.il.us and click on “Emergency Management Agency”.

Please be aware the emergency sirens are tested the first Tuesday morning each month, weather permitting.

Q Who should I contact when I see something out of the ordinary in my neighborhood?

A We ask that everyone take a proactive role in the preservation of our neighborhoods and report any and all activities of a suspicious nature to the Police Department as soon as possible. The non-emergency number is 815-786-7261 and, of course, you can always call 911 in the event of an emergency. The police department is located at 308 E. College Street.

***Be aware of public safety vehicles.
Pull to the right for sirens and lights.***

Q Where do I go to pay a parking ticket?

A Parking tickets can be paid at the Police Department, 1251 E. 6th Street.

Q **What is the city's policy regarding snow removal?**

A The city asks everyone (commercial and residential) who plows snow not to push it into the street or city right-of-way. When you clear your drive, the snow should be kept on your property.

In the event of a snow fall of 2" or more, in order to allow the snow plows a chance to remove the snow and do a thorough job, please do not park your vehicles on a public street. Since U.S. Route 34 is a State route, our City Street Department is not allowed to plow this highway. The State has their manpower and equipment to do this.

Maintaining your property and respecting the property of others is the responsibility of each and every citizen.

Q **Does my pet have to be on a leash?**

A In respect to your neighbors, please control your animals' barking and adhere to our law requiring all pets (dogs and cats) be on a leash whenever the pet is off the owner's property. Stray and loose animals will be picked up and taken to the Sandwich Veterinary Hospital. A redemption fee of \$75 will be imposed on the pet owner and must be paid at the City Clerk's office before the animal is released to the owner's custody.

Q **What can be done about cleaning up my neighborhood?**

A Each year, especially in the spring, our police department sends hundreds of letters with reference to mowing grass, junk vehicles, cars without current licenses, and cleaning up property. We would ask everyone to look at their own yards and see if there is a way to tidy them up. This includes cutting tall weeds around fences, wood piles, garages and other structures.

City ordinance states ***weeds and grass cannot exceed eight (8) inches in height.*** If a resident receives a letter for not complying with the city's ordinance, they have ten (10) days to mow before they are cited with a violation or before the city mows at the owner's expense. It's important to realize that on the advice of our attorney and due to state statutes, we are required to give notice before taking further action.

If you feel you have a neighborhood problem, we urge you to contact your alderman, ask him to follow up on your request, and then report back to you on how the problem will be resolved.

A notary is actually witnessing you sign a document and not verifying the accuracy of the document being signed. Do not pre-sign your document before coming into a notary's office. A notary cannot "certify" a true copy of your document. That needs to be taken care of at the place of origin of the document.
